Valentine's Parties—2/14 & 2/15

This is a regular day of preschool but with special emphasis on love and friendship. I am asking that two parents sign up to bring snacks on these days. Please coordinate with the other parent if you choose to sign up on the day. Fun valentine themed paper products are welcome too. Please have your child bring in a valentine for each friend in his/her class. (See the class list in the other column) Allow your child to sign his or her name on each valentine. If your child does a few cards each day between now & then, it will be less overwhelming for you & your preschooler. On the day of the party, I will have all of the children's valentine bags set out in the hall for you to help your child distribute his/her valentine's for his/her friends. The children will enjoy opening their valentines at home. Thanks!
